Hazardous Weather

Today

Forecast Highs Today

Isolated showers and thunderstorms are expected Monday afternoon, mainly over the northwest Hill Country.

Main hazards will be dangerous lightning and gusty winds.

Temperatures will warm into the low to mid 90s across west central Texas on Monday. Skies will be partly cloudy across the region, but isolated showers and thunderstorms will be possible, mainly south of an Ozona to Brownwood line.

Today - Isolated shower/storms, mostly SE...

National Weather Service Austin / San Antonio

Created: 8/31/15 5:15 AM

Rain Chances:
Greatest in the coastal plains counties. Slight chance elsewhere.

Temperatures:

• Highs in 90s

Skies and Winds:

• Partly Cloudy

• SE 10-15 mph

National Weather Service
Austin/San Antonio, TX

Another chance for showers and storms today, with the best shot being southeast in the coastal plains. An isolated shower or storm cant be ruled out farther northwest though. Otherwise, highs will be in the 90s across the area. Skies partly cloudy and winds southeast at 10-15 mph.

Hazardous Weather

Scattered showers and thunderstorms are forecast to occur across the inland Coastal Plains, Victoria Crossroads, and Eastern Brush Country this afternoon. An isolated strong storm will be possible along with brief heavy rainfall. Afternoon highs will be in the 90s with a southeast wind of 10 to 20 mph developing as the seabreeze pushes inland.
